Symbols and Marks

	Notice		<ul style="list-style-type: none"> i. Not necessarily included accessory. ii. Variable accessory amount. iii. Skip this step if not required.
	Warning	microSD 	MicroSD card
	Forbidden		Purchase separately
	Correct		Disposal
	Incorrect		Functional grounding
	Turn to page A and continue.		Grounding
	Other situations		Skip this step if not necessary
	Waterproof		Other situations omitted

Interface Introduction

1	Power input interface
2	Power output interface
3	Network interface
4	Alarm input interface
5	Alarm output interface
6	Audio input interface
7	Audio output interface
8	Built-in microphone
9	Built-in speaker
10	BNC/CVBS interface
11	HDMI interface
12	SDI interface
13	SD card slot
14	SIM card slot
15	Reset button
16	Fiber optical interface
17	Heater
18	USB
19	Antenna
20	RS-485
21	RS-232
22	ABF
23	Grounding
24	Wiegand interface
25	Solar panel
26	Battery switch
27	Debug power interface
28	Solar panel power interface
29	External solar panel interface
30	SOC debug serial port
31	MCU debug serial port

Note: The interface varies with the models. Please refer to the product datasheet for details.

About this Manual

The Manual includes instructions for using and managing the product. Pictures, charts, images and all other information hereinafter are for description and explanation only. The information contained in the Manual is subject to change, without notice, due to firmware updates or other reasons. Please find the latest version in the company website

pv.teleco.com

Please use this user manual under the guidance of professionals.

Regulatory Information

FCC Information

Please take attention that changes or modification not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC compliance: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

* Wi-Fi device:

This equipment should be installed and operated with a minimum distance 20cm between the radiator and your body.

FCC Conditions

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation

EU Conformity Statement

This product and - if applicable - the supplied accessories too are marked with "CE" and comply therefore with the applicable harmonized European standards listed under the EMC Directive 2014/30/EU, the LVD Directive 2014/35/EU, the RoHS Directive 2011/65/EU, Wi-Fi device: the RE Directive 2014/53/EU

2012/19/EU (WEEE directive): Products marked with this symbol cannot be disposed of as unsorted municipal waste in the European Union. For proper recycling, return this product to your local supplier upon the purchase of equivalent new equipment, or dispose of it at designated collection points. For more information see: www.recyclethis.info

2006/66/EC (battery directive): This product contains a battery that cannot be disposed of as unsorted municipal waste in the European Union. See the product documentation for specific battery information. The battery is marked with this symbol, which may include lettering to indicate cadmium (Cd), lead (Pb), or mercury (Hg). For proper recycling, return the battery to your supplier or to a designated collection point. For more information see:

www.recyclethis.info

Industry Canada ICES-003 Compliance

This device meets the CAN ICES-3 (B)/NMB-3(B) standards requirements.

* Wi-Fi device:

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference, including interference that may cause undesired operation of the device.
